

7.1.6 – *Quality audits on environment and energy are regularly undertaken by the institution*

5. Beyond the campus environmental promotional activities

1. Seminar on How to conduct Green Audit

1. Name of the Department: IQAC and Green Club

2. Date of the Activity: 7/12/2023

3. Venue (Online platform or physical venue): Online-Zoom

Title of the Activity: Seminar on How to conduct Green Audit

4. Objectives:

- a) Information about techniques of conducting Green audit of campus.
- b) Understand the Green Campus initiatives of various educational institutions.
- c) Connect with other colleges in University of Mumbai for Green Campus initiatives.

5. Committee members (if any)-IQAC members of Kirti college and NMITD and Green club, Kirti college

6. Details of the activity: The online introductory session on Green Campus and Green Audit was organized jointly by Kirti College and Navinchandra Mehta Institute of Technology and Development. Both, Kirti College and NMITD are parts of Deccan Education Society, Pune that has a legacy of over 139 years. The vision and mission of our founders like Lokmanya Tilak and Gopal Ganesh Agarkar, inspires us to take active interest in the larger issues alongside the academics. While maintaining the high standards in academics as well as co-curricular and extracurricular activities, both Kirti

and NMITD have always made consistent efforts to contribute towards societal welfare. The session was the part of the MoU signed between two eminent environmental organizations namely My Green Society and The Climate Project Foundation, New Delhi. The MoU aims at collaborative efforts to implement the Sustainable Development Goals.

Seminar Resource person, Dr. Rekha Lalla (Tedx Speaker and environmental activist) guided the participants on various facets and activities that can be initiated under Green Campus initiatives. She also explained how conducting green audit is possible for the institutions by following guidelines prepared by the organization. After her lucid and highly informative presentation, question-answer session was held. Participants appreciated the session and showed willingness to work together for creating green campuses.

7. **Number of participants: 120 (As per Zoom Screenshots)**
8. **Important Takeaways:** The session built confidence among the participants that expertise to conduct green audit could be developed in house. Despite space and similar constraints, many initiatives for green campus can be taken up.
9. **Screenshots/photographs (should be integrated in the word document)**
